

Priyanka Lahot

Professional summary

As a highly motivated and dedicated individual with a strong academic background, I am equipped with the necessary skills. With 6 years of experience, I have achieved significant accomplishments in respect to academic field. My passion for learning and my ability to adapt to new environments have allowed me to develop strong qualities such as critical thinking, problem-solving, and attention to detail. Additionally, my excellent research and communication skills have been honed through my academic pursuits, making me an asset to any team. I am eager to bring my expertise and contribute to the success of the organization.

Experience

Manager Industrial Safety

April 2024 - Now

TSM the safety master / India, Bhiwadi

As the Manager of Industrial Safety at TSM the safety master in India, I have had the opportunity to develop and implement safety protocols and procedures to ensure a safe working environment for all employees. Through extensive risk assessments and training programs, I have successfully reduced workplace accidents and injuries.

- Conducted regular safety audits
- Led safety training workshops
- Created emergency response plans
- Implemented safety best practices

Senior Engineer in Industrial Safety

September 2023 - February 2024

ASK EHS Engineering and Consultants Pvt Ltd / India, Delhi

During my time as a Senior Engineer in Industrial Safety at ASK EHS Engineering and Consultants Pvt Ltd, I was responsible for overseeing the implementation and maintenance of safety protocols and procedures within the company. I utilized my expertise in industrial safety regulations to ensure a safe working environment for all employees and reduce the risk of accidents.

- Developed and implemented safety policies
- Conducted regular safety audits
- Trained employees on safety procedures
- Ensured compliance with government regulations
